

Clinical Integration – Interpretation

Efficiency is key when interpreting diagnostic results.

We deliver the right data exactly on spot. The SentrySuite® Software Review provides a highly rich interpretation platform in concert with SentrySuite's clinical applications. Mobile Review adds web-based review throughout your entire network.

Advantages

- Define your own interpretation environment
- Utilize customizable workflow options to precisely implement your clinical procedures
- Improve efficiency with our batch review feature, by using templates and macros or even design your own automatic interpretation modules
- Upload and interpret external PDF reports
- Use your desktop PC, notebook or tablet computer in review processes
